Mr. Juan Bautista  
Jobco Trade Services, Inc.  
P.O. Box 1259  
Laredo, Tx 78042-1259

Dear Mr. Juan Bautista:

On March 21, 2017, the Food and Drug Administration (FDA) conducted an evaluation of the entries submitted by your firm through our Operational and Administration System for Import Support (OASIS). The entries selected for this examination were reviewed for the accuracy of information submitted electronically by your firm through OASIS. The evaluation focused on two areas: the proper identification of products "disclaimed" as non FDA regulated, and the correct submission of data elements for FDA regulated products. Mandatory data elements that may produce accountable errors include the FDA product code, country of origin, manufacturer and shipper. Non-mandatory data elements that must be correct, if submitted, are the quantity, value, and any affirmations of compliance that are applicable to the product.

No accountable errors were noted during this inspection. Should you have any questions, please call Homero Garza at (956) 721-2449 x 2452.

Sincerely,

  
Xavier M. Rios, CSO
